The member's full handicap is applied.

Club Championships

Any member who has submitted less than five (5) valid handicap cards into the GolfLink handicap system prior to the commencement of the Club Championships will be considered to be holding a Provisional Handicap for the purposes of participating this event.

Members holding a Provisional Handicap are ineligible to win the overall Championship; they will however be permitted to participate in the event of the day for each round of the Championships. The members' Provisional Handicap will determine the grade to be contested and their position in the field for the Gross Net results.

Handicap Conditions:

- a. The Player's Daily Handicap will determine the grade to contest the Championships (not a player's GA Handicap);
- b. The grade in which a player starts the first round will be the grade contested for the entire Championships;
- c. A player must have remained in the particular grade being contested for the **entire** Qualifying Period, **except** that a player may temporarily move from a lower to a higher grade during the same Qualifying Period.

- d. The Qualifying Period is the three month period immediately prior to the commencement of the Club Championships

Example A

- i. Player A's Daily Handicap for the first round of the Championship is 13 (Men's B Grade);
- ii. During the Qualifying Period the player's Daily Handicap temporarily fell or was at some time 12 (or better);
- iii. The player must therefore contest the Championships in the Men's A Reserve Grade, although they will be eligible to play in the competition of the day in B Grade.

Example B

- iv. Player B's Daily Handicap on the first round of the Championship is 12 (Men's A Reserve Grade)
 - v. During the Qualifying Period the player's Daily Handicap temporarily rose or was at some time 13 (or worse);
 - vi. The player therefore remains eligible to play in the Championships in Men's A Reserve Grade and is eligible to contest the competition of the day in that same grade.
- e. It is the player's responsibility to ensure that he or she plays in the correct grade as determined by this policy and must inform for the Pro Shop staff no later than the close of the first round if the handicap shown on his scorecard does not reflect the correct grade that is to be contested.
- f. A player who fails to comply with these Handicap Conditions will be disqualified from the Championships.

2BBB Matchplay Events

Lowest marker in the group of 4 plays off scratch and concedes to the other 3 players (including partner) the full difference between his and their handicaps. The handicaps are those on the day of the match and not those on the qualifying date. These strokes are to be taken on holes as per the Match Play index. If a match is all square at the completion of the 18th or 36th hole then handicap strokes recommence as in the completed round.

- v. New members entering cards for handicap purposes must have their card marked by a member with Golf Australia handicap.

14. Courtesy on the Course

In the interest of all, players should play without delay. In this regard, the following applies:

- i. Penalties may be imposed by the Match Committee for slow play. Remember, your position in the field is behind the group in front, not in front of the group behind.
- ii. No player shall play until the players in front are out of range.
- iii. Players searching for a ball should signal the players behind to play through as soon as it is apparent that the ball will not be found easily. They should not search for the allotted 5 minutes before calling the following group through. They should not continue to play until the group behind has played through and are out of range.
- iv. When the play of a hole is completed, players should immediately leave the putting green.
- v. No player, caddie or observer should move, talk or stand close to or directly behind the ball or the hole when a player is addressing the ball or making a stroke.
- vi. In the absence of special rules, two ball matches should have priority over and be entitled to pass any three or four ball match in competition.
- vii. If a match fails to keep its place on the course and loses more than one clear hole on the players in front, it should allow the match following to pass.

15. Countbacks

16. Etiquette

The President and the Captain of the Club shall have the right of the course at any time they desire to take that privilege.

Members may invite the Club Professionals or their assistants to play in any event.

In competitions extended over more than one round, players will play off the handicap at the date of play, including gold medal playoffs.

17. Local Rules

Mobile Phones

The excessive use of a mobile phone by a player or his caddie which is inconsiderate or distracting to fellow competitors may be considered a serious breach of the Rules of Etiquette. Penalties may apply

Distance Measuring Devices

In all competitions under the control of Liverpool Golf Club, a player may obtain distance information by using a device that measures distance only. If during a stipulated round, a player uses a distance-measuring device that is designed to gauge or measure other conditions that might affect his play e.g. gradient, windspeed, temperature etc., the player is in breach of rule 14-3, for which the penalty is disqualification, regardless of whether any such additional function is actually used.

Practice Rounds

All Members who play in a non competition or practice round must report to the Pro Shop prior to entering the course to play. A maximum of two balls only may be played provided that they do not delay play for any following players.

Pathways

All concrete and asphalt pathways including those edged with concrete or timber logs or covered with any artificial material are to be treated as immovable obstructions; all other vehicular pathways or tracks are an integral part of the course and relief is not permitted.

Hazards

All water hazards on the course are Lateral Water Hazards. Relief may be taken in accordance with Rule 26.

A ball entering the lateral hazard at the rear of the 3rd, 9th, 12th, or 15th greens (when playing those holes) may be dropped within two (2) club lengths of the point of entry, no nearer the hole.

A ball entering the hazards at the rear of the 4th, 9th and 15th greens between the two (2) blue stakes may be dropped in the nearest drop zone located on either side of those greens. A ball entering the hazard outside the blue stakes must be dropped within two (2) club lengths of the point of entry, not nearer the hole.

When playing from the 16th tee where there is reasonable evidence that the ball may be lost in the lateral hazard, the player may play a provisional ball under the available options of Rule 26-1. That is, under penalty of one stroke, a provisional ball is played from as near to the spot the original ball was played, OR drop and play a provisional ball within two club lengths of the point where the original ball crossed the hazard. In such case, if a provisional ball is played and the original ball is in the lateral water hazard, the player may play the original ball as it lies or continue with the provisional ball in play, but may not proceed under the options of Rule 26-1 with regard to the original ball. Reference Appendix 1 Clause 2b Penalty for breach of Local Rule: Matchplay: Loss of hole and Strokeplay: 2 strokes.

Where a rock wall and mower strip exists, the margin of the hazard is the outside edge of the concrete mower strip. Mower strips and rock walls are Immovable Obstructions. In all other areas, the line of the red pegs determines the margin of the hazard.

All gardens immediately adjacent to the Clubhouse and the Club car park are out of bounds. Any other gardens on the course that surround teeing grounds only are to be treated as Compulsory G.U.R. Play is prohibited from these areas.

The format of the playoff for these events will be at the discretion of the Match Committee.

If a player fails to discontinue play immediately, he is disqualified, unless circumstances warrant waiving the penalty as provided in Rule 33-7.

32. Slow Play

The aim of this policy is to promote an enjoyable game of golf within a reasonable time frame for all players. This policy will apply equally to men and women during competition play.

Objective

Men and Mixed groups (4 players) Normal conditions: 4 Hours and 40 minutes (Time includes half way break)

Ladies (3 players) Normal conditions: 4 Hours 30 Minutes (time includes half way break)

Administration of the Slow Play Policy

The slow play policy is determined by the by the Board of Directors in conjunction with the Match Committee. The General Manger, President, Captain, Board of Directors and/or the Ladies

Committee (in relation to lady players only) may act on personal observation or complaints from Members. Marshalling activity will be prevalent, but marshalling intervention is not to be a pre-requisite for action. **To the maximum extent possible this policy should be self enforcing.**

Responsibility of players

All players must maintain their place in the field, which is immediately behind the group in front, **not ahead of the group behind.**

Slow Play Defined

For the purpose of this policy, slow play is defined as loss of a place in the field. A place in the field shall effectively be equal to the starting time differential of the groups plus 10 minutes. 2 places shall be defined as the starting time differential plus 20 minutes. 3 places shall be defined as the starting time differential plus 30 Minutes.

Penalties for slow play

Loss of one place may incur a verbal warning from an official if on duty (or from a fellow competitor) with a request to catch up within two holes or call the following players through. Failure to comply may result in a person authorised by the match Committee imposing a 1 stroke penalty.

Loss of two places will result in an automatic 1 stroke penalty.

Loss of three places shall result in an automatic two stroke penalty

The general rule is for the action to be taken against the entire group and not the individual. On the imposition of a two stroke penalty, a letter will be sent to all members of the group warning that in the event of any further transgressions, The Board reserves the right to take further action. Further actions for ongoing transgressions may include, but not be limited to, requiring individuals to play at the end of the field, being restricted to play outside competition times or being teamed with other playing partners.

Right of Appeal

Members who have been subjected to an automatic penalty may appeal the penalty by submitting a written statement to the General Manager setting out grounds for the appeal.

What can you do to speed up play?

Ensure that every player is responsible for their pace of play and complies with this policy. It is the responsibility of all members to be proactive in addressing the slow play problem within our club. You can help by:

- Being ready to play at least 10 minutes before the scheduled tee off time.
- Teeing up and being ready to play as soon as it is safe to do so
- Not insisting on applying the “honour” system by allowing shorter hitters to tee off first.
- Not addressing the ball for too long before hitting.
- Being ready to execute your shot as soon as you are set up.
- Not taking more than one practice swing.
- Playing when ready (except in match-play) even if it is not your turn to play, provided you can do so safely and without prejudicing the play of your fellow competitors.
- Walking briskly between shots
- Continuing to putt until you hole the ball, unless you will be standing on another player's line.
- Not continuing to putt if you can no longer score.
- Not marking your cards while on the green. Cards should be marked on tees while other players are hitting.
- Leaving the putting green after the group has finished the hole and not retrying putts or practice putting.

- Not leaving your golf bag, buggy or golf cart at the front of a green; always leave it to the side nearest the next tee.

Any group that is unduly delaying a following group must let the following group through if asked to do so. If you are held up during your round because a group in front fails to adhere to the Slow Play Policy, you should report the group to the General Manager.

Cart users should be particularly aware of the extra time taken in sharing a cart and look for ways to speed up play, for example move ahead of walkers to look for possibly lost balls, try to position the cart for easy access when leaving the green to reduce the number of times that you have to get in and out.
